

# KS-EU

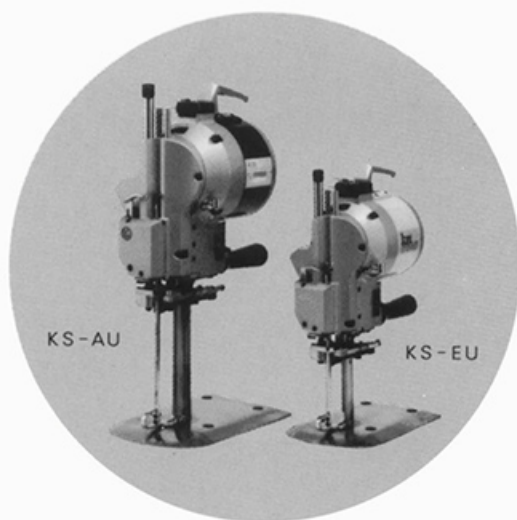

## KM'S CUTTER WITH AUTOMATIC SHARPENER

**MODEL KS-EU IS REALLY THE LAST WORD FOR SMALL SIZE STRAIGHT KNIFE CLOTH CUTTER COMBINING A FULL AUTOMATIC KNIFE SHARPENER. NEWEST AND MOST ADVANCED TECHNOLOGY IS ADOPTED FOR THIS MACHINE TO ENSURE FINEST CUTTING OUT VARIOUS STYLES OF CUT AS WELL AS FOR THIN PIECE GOODS.**

**KS-EU, AS WELL AS OTHER KM SERIES CUTTERS, HAVE FULL DIE-CAST HOUSINGS**

### OUTSTANDING FEATURES:

1. Adoption of full die-cast housings ensures lighter weight and easier operation.
2. Safety devices on switch mechanism and on pulley assure perfect insulation and safety to operate.
3. Knife sharpening device works automatically by lightly pressing down the sharpener lever. Two abrasive belts of heavy duty backing, rotating in different directions, maintain correct pressure power and angle. This is the KM time-saver mechanism. It always ensures the same angle of the cutting edge and makes the life of knife last longer.

### APPLICATION:

Cutting of wool, cotton, knit, felt, tarpaulin, canvas, linen and synthetic fabrics other all sorts of textile.
